

March 18, 2020

All,

I want to start by saying "Thank You" to all of our supporters through the years and without your dedication and support for CBT Charity, Inc. we could not have been a success. Because all of our friends and great sponsors we have always been able to hold the tournament each year and raise funds to help out the Show of Support and various other charities and people in need. Due to the restrictions that are being imposed on us and other organizations by government entities, we have decided to cancel the tournament in April and we are attempting to reschedule the tournament in September or October depending on availability of Lake Amistad and the Del Rio Civic Center. We are in the process of trying to schedule and set dates now.

I ask that all of our fishermen and sponsors be patient with us as we were not planning on having to change the event to a later date and some of the circumstances may not be ideal. However, you all have been great in the past and I know we can all make it through this trying time and continue to have fun and fellowship at the tournament. Please continue to follow our website for any updates we have and we will let you know as soon as we set the date and time.

Again, thanks to all of you for your past contributions and support for CBT Charity, Inc. We look forward to seeing all of you a little later in the year!!!

CBT Board of Directors
